DISCUSSION REGARDING REVISED CITY OIL AND GAS REGULATIONS

Information Only

The purpose of this Study Session is to gain feedback from City Council on the proposed changes to the current regulations that would put additional restrictions on the oil and gas

applicants and operators in the future. Staff will also present a path forward for public outreach and seeks City Council input on the approach. As the City Council may recall, a six-month moratorium on new oil and gas operation applications was approved on November 28, 2023 and Staff is requesting said moratorium be extended to September 1, 2024. An extension of 90 days from June 1, 2024 to September 1, 2024 should provide the additional time needed for a robust public outreach process, preparation of the new regulations, and public hearings before both Planning Commission and City Council.
